相约“世界中医药日”，相约 2020 Meet in 2020 World Chinese Medicine Day

在意大利首都罗马召开的第十五届世界中医药大会上，世界中联向全球发布了《罗马宣言》，将每年的10月11日定为“世界中医药日”。此举对各国认识中医药，了解中医药，加强全球中医药人的团结，增强信心，凝聚力量，形成共识，进一步促进中医药的国际传播和发展具有重要的意义。

2019年10月11日前后，世界中联与会员团体、分支机构和全球中医药工作者共同努力，积极开展“世界中医药日”庆祝活动中，举办形式多样、内容丰富的主题活动，包括“义诊”、“会议”、“公益活动”、“科普活动”、“文艺演出”、“电视宣讲”，出版发布“国际标准”、“期刊”、“宣传片”、“文创产品”等多种形式，覆盖五大洲43个国家和地区，全球73座城市，共计100多场活动。

2020年10月“世界中医药日”期间，世界中联将继续携手会员团体、分支机构和全球中医药人，在世界各地开展“世界中医药日”庆祝活动，进一步推动中医药事业的发展，普及中医药文化。让我们相约“世界中医药日”！让我们相约2020！

During the 15th World Congress of Chinese Medicine in Rome, Italy, WFCMS released the Roman Declaration to the world. The October 11th of each year was designated as World Chinese Medicine Day. The establishment of this important date reflects the common aspirations of Chinese medicine practitioners around the world, demonstrating the strong vitality and broad development prospects of Chinese medicine, recognizing traditional Chinese medicine for all countries, understanding Chinese medicine, strengthening the unity of Chinese medicine practitioners around the world, enhancing confidence, uniting strength, forming a consensus, and further promoting the international communication and development of Chinese medicine.

Around October 11, 2019, the WFCMS and our member groups, industrial branches and global Chinese medicine practitioners worked together to actively carry out the "World Traditional Chinese Medicine Day" celebration activities, organizing various thematic activities with rich content, including Charity Clinics, Conference, Public Welfare Activities, Science Activities, Art Performance, TV Presentation, publishing International Standards, Journals, Promotional Video, Cultural and Innovative Products, etc., It covered 43 countries and regions on five continents and 73 cities in the world, with a total of more than 100 events.

During the World Chinese Medicine Day in October 2020, the World Federation of Chinese Medicine Societies will continue to carry out the "World Chinese Medicine Day" celebrations with member groups, industrial branches and global Chinese medicine practitioners around the world to further promote the development of Chinese medicine and popularize Chinese medicine culture.

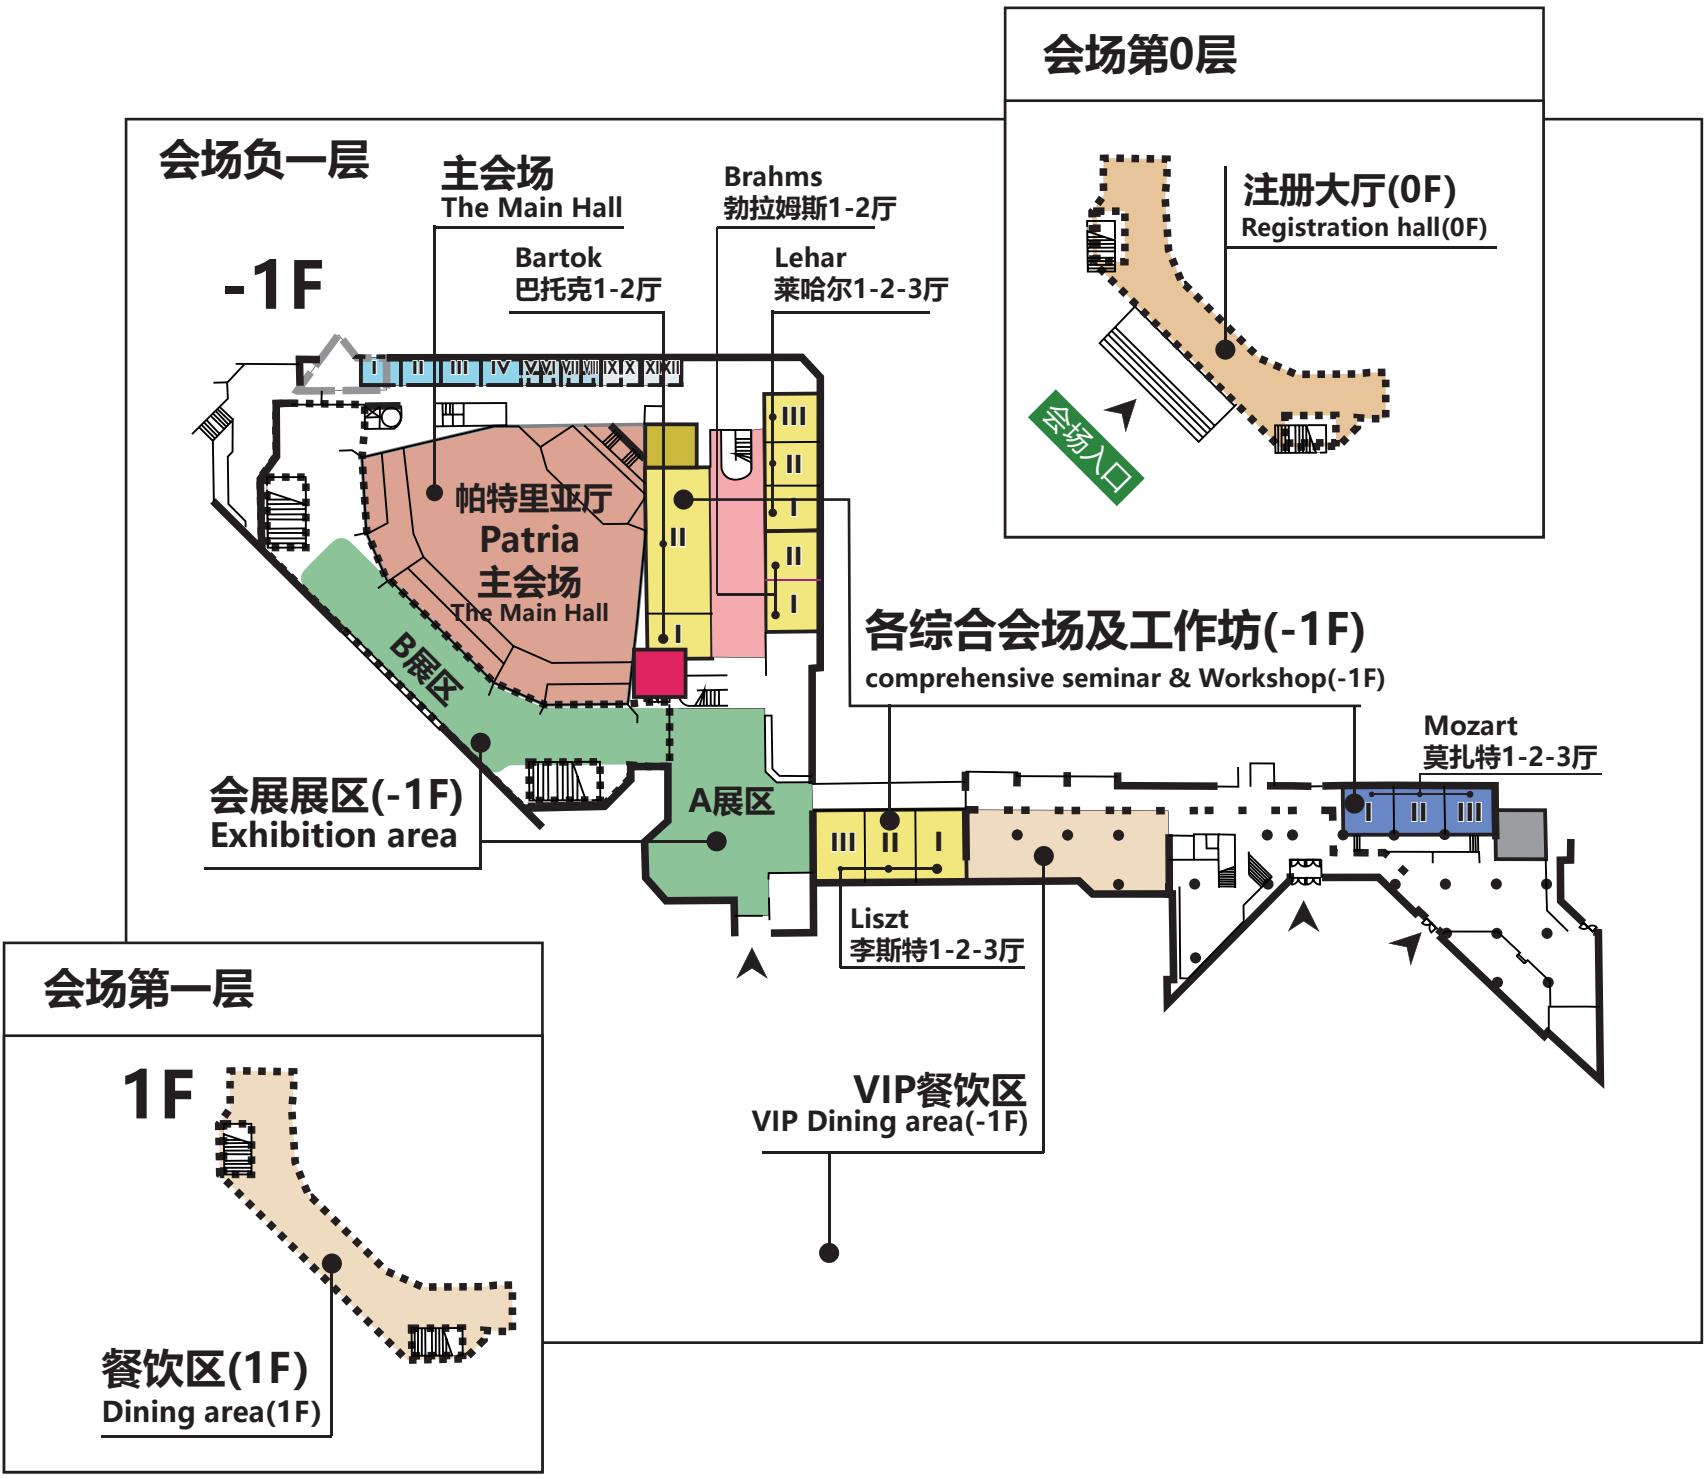

Let us meet the "World Chinese Medicine Day"! Let us meet 2020!

2019年11月9日 李斯特 1 厅 9:00-11:30	<p>眼针疗法对于面部蝴蝶斑、黄褐斑、各种色素沉着以及顽固性斑块有着独特的功效。工作坊将从现代中医的角度采取讲解治疗原理、实操演示相结合并与听众互动的形式，把眼针疗法的神奇功效展示给世界热爱中医学的同道们。</p>

工作坊 3

王令习：骨正筋柔——高应力点诊疗法治疗风湿病的临床思路与方法

2019年11月9日

巴托克1厅

13:30-15:20

骨正筋柔——高应力点诊疗法是以生物信息、生物力学为切入点，综合中医外治多种治疗技术而形成的通过调整人体软组织物理力学结构，从而调整人体信息系统，治愈疾病的技术。其主要研究慢性内科疾病的发生、发展及其转化规律，治疗如隐匿性（功能性）心脏病、风湿病、支气管哮喘、带状疱疹等慢性病。

本次演示治疗风湿病的诊断程序及治疗程序。

工作坊 4

张庆滨（匈牙利）：张缙针刺手法学术流派的研究
吴滨江（加拿大）：吴博士头部推拿疗法的全球推广

主持人：邢启宏（匈牙利）

2019年11月9日

巴托克2厅

13:30-15:20

人类非物质文化遗产中医针灸代表性传承人张缙教授的针刺手法定义：用毫针激发起穴内经气，并调控经气（针感）的性质（热补/凉泻），驾驭经气传导方位（飞经走气）的技术叫针刺手法。如何激发起穴内经气，驾驭经气传导方位（飞经走气），并调控经气（针感）性质（热补/凉泻）的技术就是针刺手法，亦是针灸医生临床水平的标志。

上工治未病，“首推”养天年！现在，欧美流行着一种亚健康治疗方法“吴博士头部推拿疗法”；它有两大作用：一是治疗“现代文明病”，二是康养的抗衰老。

工作坊 5

田维柱：眼针新的国家标准与操作技术演示

2019年11月9日

勃拉姆斯 1 厅

13:30-15:20

2009年8月1日中国国家标准化管理委员会通过了辽宁中医药大学眼针标准化小组的申请，制定了眼针八区十三穴及相应技术的眼针技术规范国家标准。在十多年的教学、科研和医疗的临床实践中发现了眼针八区十三穴的缺陷和不足，提出了眼针八区八穴理论。並立项申请修改眼针技术规范国家标准。眼针八区八穴理论的提出，得到了国家中医药管理局和全国知名针灸专家的赞同和支持，2019年8月19日中国国家标准化管理委员会通过了对该项目的技术审查，已成为新的眼针技术规范国家标准。

此工作坊就是介绍眼针新的国标的内容及操作技术演示。

工作坊 6

金志泳：韩式无极保养灸

2019年11月9日

李斯特 1 厅

13:30-15:20

13:30-14:10 无极保养灸介绍和案例分享

无极保养灸来源于《黄帝内经》的艾灸古法——直接灸之麦粒灸，来源于古法，升华了古法。无极保养灸是韩国针灸第一人百岁名医金南洙先生凝练其 80 余年艾灸治病的临床经验，结合现代人体质特点，所创立的具备独特理论体系和治疗方式的艾灸疗法，临床验证对于各类痛症、失眠、糖尿病、高血压、不孕不育、肿瘤等疾病有很好的疗效。

主办单位简介

世界中医药学会联合会

世界中医药学会联合会（下称“世界中联”）是一家总部设在中国北京的国际性学术组织。该学会 2003 年成立，经中华人民共和国国务院批准、于民政部登记注册。世界中联致力于中医药国际发展。目前在全球 69 个国家及地区拥有 264 家团体会员，这其中每一个会员都是当地的中医药学术或临床机构。世界中联是国际标准化组织 ISO/TC249 的 A 级联络组织，是联合国教科文组织认证的非政府机构，并与世界卫生组织建立了正式关系。

世界中联以“一体两翼”的模式发展壮大，以秘书处、会员团体及理事会及监事会为核心，以专业委员会及联盟为分支机构。世界中联秘书处共有全职员工 60 余名，设有包括学术部、国际联络部、国际标准部、国际职业资格（水平）认定中心、科技管理部、临床循证研究指导中心、及《世界中医药》杂志社等在内的 17 个部门。世界中联理事会及监事会由各团体会员代表组成，理事会及监事会会议就未来规划及重要事项进行讨论及表决，于每年中旬及下旬分别召开两次。世界中联拥有 190 多家分支机构，其中包括以学术发展、学科建设为核心的 169 家专业委员会，如：儿科专委会、中药药剂专委会、及糖尿病专委会，由各学科领域的专家以个人身份组成；另包括 23 家以产业发展、产品服务为核心的产业分会，如：中国传统医药非物质文化遗产产业分会、中药煎药服务产业分会、及强筋健骨保健品分会等，由各产业企业及机构以团体身份组成。

世界中联于 2011 年成为国际标准化组织 ISO/TC249 的 A 级联络组织。目前，已发布国际组织标准 49 部，包括《中医基本名词术语中英对照国际标准》、《世界中医（含针灸）诊所设置与服务标准》及《国际中医医师测试与评审规范》等。《中医基本名词术语中英对照国际标准》发布后，产生了较大的国际影响，已经有 95 个国家行业机构签名采用标准；该标准已经作为国际标准项目提案，正式提交国际标准化组织（ISO）。《中医基本名词术语中法对照国际标准》得到了法国国家药品食品检察署和巴黎国立医院总部的认可。

世界中联于 2012 年成为联合国教科文组织非物质文化遗产保护委员会认证的非政府机构，截至目前，是该领域唯一中医药界代表。自 2013 年至 2015 年，世界中联先后出席联合国教科文组织非物质文化遗产保护政府间委员会第八届、

第九届及第十届会议；2017年初世界中联提交《ICH-08 定期报告表》，于委员会第十二届会议通过继续作为联合国教科文组织认证的非政府机构的审查。作为唯一的中医药界代表，世界中联肩负使命，针对当前中医药非遗保护事业，已于2015年成立世界中联中国传统医药非物质文化遗产产业联盟，旨在促进中医药非物质文化遗产保护领域的交流与合作，推动非物质文化遗产生产性保护，促进传统医药产业发展。同时，为了进一步推进联合国教科文组织非遗保护咨询机构相关工作，世界中联于2017年12月成立了“联合国教科文组织非物质文化遗产保护工作组”。

2015年世卫组织执行委员会第136届会议第14次会议上，正式通过了世界中联与世卫组织建立正式关系的决议（EB136.R10）。作为与世卫组织具有正式关系的非国家行为者（non-State actor），世界中联先后于2015年至2017年出席第136届、第140届执委会会议，及第70届世卫大会；2016年于世卫组织驻华代表处合作召开“中医之根、哲学与科学”研讨会。2018年第十五届世界中医药大会上，世界中联于意大利罗马向全球发布了《罗马宣言》，将每年的10月11日定为“世界中医药日”。在今年创立一周年之际，全球范围内43个国家和地区、73个城市各自举办了庆祝“世界中医药日”系列活动，多维度地促进中医药在国际的传播和发展。

十五年来，世界中联打造了三级学术会议平台。除了各大洲区域论坛及分支机构会议以外，自2004年开始，世界中联每年举办世界中医药大会，至今已先后在中国北京、法国巴黎、加拿大多伦多、新加坡、中国澳门、澳大利亚墨尔本、荷兰海牙、英国伦敦、马来西亚古晋、美国旧金山、俄罗斯圣彼得堡、西班牙巴塞罗那、新西兰奥克兰及泰国曼谷先后成功举办了14届。会议旨在推动中医药国际发展，历届参会规模1000人左右。第八届世界中医药大会（英国·伦敦）全球点击量超过1350万，2012年排名中国会议产业医学类会议第一位。

承办单位简介

中东欧中医药学会

中东欧中医药学会（Central and Eastern European TCM Association， 匈文缩写：KKETCM）创立于 2005 年，依据欧洲 2011/175 号法律成立的匈牙利国家中医药界唯一政府认可的公益性中医药组织。

中东欧中医药学会是中东欧地区中医药科学技术工作者及中医药医疗、教育、科研、预防、康复、保健、生产等组织者自愿结成并依法登记成立的国际性、学术性、非营利性社会团体，是联系中东欧中医药科学技术工作者的纽带。14 年以来，通过团结中东欧当地学习中医药的执业医师共同发展，相互交流各国的中医药临床、科研信息、学术讲座，定期出版当地语言的专业学术杂志及著作，努力使中医药本土化，促进中医药融入当地主流社会，传播中医药“大健康”理念，努力实现以科技为先导的“科学发展观”，让中医药的传承和价值观在中东欧地区得以发扬光大。学会多年来积极开展与欧盟及当地政府的交流与合作，共同促成了中匈政府之间近百项科技合作项目，并积极同欧盟有关专业委员会对话，十几年来，通过交流，使欧盟对中医药立法问题引起了重视。

2010 年以来，参与欧盟多国协作项目，至今已完成了 500 余万人次的健康普查活动，至 2020 年将完成 800 万人次的健康检查报告，为科研和“疾病谱”研究提供了第一手大数据统计资料。

2005 年至 2018 年，学会及中医药界同仁们每年为中东欧国家患者义诊，并在各国举行健康讲座，帮助当地医生完善治疗体系并提供欧盟合法注册的中成药和医疗健康产品，使中医药在当地生根发芽。

2014 年 2 月 13 日，在中东欧中医药学会会长陈震博士的建议下，在国务院总理李克强和匈牙利总理欧尔班的共同见证下，两国代表在北京人民大会堂签署《中医药领域合作意向书》，为推动中医药全面走向匈牙利乃至整个中东欧地区迈出了坚实的一步。

2015 年 10 月，匈牙利中医法案正式生效，成为欧盟第一个实施中医药立法的国家。同年，中东欧国家 16+1 卫生部长论坛在布拉格召开。学会代表与匈牙利人力资源部，卫生部等十几人组成高层代表团参加了论坛，就落实两国总理签署中医药合作意向书举行了会谈。

2015年3月27日，学会促成欧洲大陆第一所中医特色孔子学院在匈牙利佩奇大学揭牌。

2016年7月3日，学会促成了匈牙利岐黄中医药中心建立，被列入中国政府中医药2016年十大新闻。同年，欧洲第一所世界非物质文化遗产“中医针灸”传承基地，在匈牙利岐黄中医药中心挂牌。

2017年6月18日至20日，刘延东副总理为中国—中东欧中医药医疗培训中心奠基。中东欧中医药学会策划参与了16+1卫生部长会议健康博览会，并联合在匈全体中医药界同仁，合力参与了义诊、中医药展示、及相关中医药文化的活动。学会自成立以来连续十几年为当地残疾人及老年人义诊，已经为数十万人提供了量身定做的健康方案。

2017年8月21日至24日，国务院侨办和中东欧中医药学会共同举办了由15个国家的医学界人士，参与的中东欧国家中医师临床技能培训班及华人义诊活动。

2018年10月10日，学会与华北理工大学合作，中东欧中医药培植与研发基地在布达佩斯揭牌，为实现高品质中药欧洲种植本土化的研究迈出了第一步，完成了国家级科技合作项目。

在过去的十几年学会发展的历程中，中央电视台、新华社、人民日报、经济日报、中国中医药导报及欧洲主流媒体、华文媒体无数次报道了中东欧中医药发展的独特模式，引起了全球中医药界的关注，以“人民”为中心，培土生金、落地生根的可持续发展的良性循环模式，得到了大众的肯定。中医药文化是打开中华文明智慧宝库的一把钥匙，展望未来，任重道远，中东欧中医药学会将响应习主席的号召，“改革开放再出发”，为中医药在中东欧地区的传播发展，为人类健康事业“构建人类命运共同体”，做好“一带一路”上民心相通的“金丝带”和“连心桥”。

学会会长：陈震

匈牙利中医药学会

匈牙利中医药学会（缩写 HKOME）是依据匈牙利国家法律注册的群众性学术团体，创建于 2002 年，由张庆滨、陈震、王伟迪、邢启宏、于福年共同发起，现有会员近百人。学会宗旨是推动中医药针灸在匈牙利及中东欧各国的交流与合作。服务当地社会。

学会成立 17 年以来得到了驻匈使馆和匈牙利各级卫生部门的大力支持。成功举办了 8 届国际中医药学术研讨会，会员发表学术论文 100 余篇，出版医学论著 10 余部，先后邀请 30 多位著名专家来匈牙利开展学术交流，举办各类中医药针灸学术讲座 100 余场次，开展各类义诊活动 60 余次，累计治疗当地病患 100 余万人次。

2004 年成立黑龙江中医药大学匈牙利分校，2009 年纳入赛梅尔维斯医科大学，成为具有本科学历和学位的校际合作。匈牙利中医药学会的多名教授在大学里任教。2017 年在国家中医药管理局和匈牙利教育部的推动下已成为中匈两国政府间的合作项目。

2005 年加入匈牙利医学联合会（MOTESZ）成为欧洲唯一加入当地主流医学组织的中医药团体。

2012 年学会高级学术顾问国际著名针灸大师、人类非物质文化遗产“中医针灸”代表性传承人张缙教授来匈举办针灸高徒传承班，在欧洲范围内开启了中医针灸高级人才传承的先例。

通过学会同仁的坚持和不懈的努力，在驻匈使馆和社会各界的推动下终于在 2014 年实现了中医立法。

2016 年世针联“中医针灸国际传承基地”在匈牙利中医药学会落户。

2018 年匈牙利中医药学会会长张庆滨和中东欧中医药学会会长陈震在意大利罗马与世中联正式签办协议，承办第十六届世界中医药大会。匈牙利中医药学会的广大同仁以诚挚的心情，热烈欢迎世界各地的中医药同仁来布达佩斯聚会。

Workshops

Workshop 1	
Umberto Mazzanti, MD, Acupuncturist, Osteopath DO MROI Giuseppe Tallarida, MD, Acupuncturist	
Treatment of Shoulder Pain by Acupuncture and Osteopathy: a personal combination and clinical approach with the “AcuOsteo method”	
Nov. 8, 2019 Lehar Hall 1 13:30-17:30	<p>Workshop purpose: The workshop has a long practical session to enable Acupuncture practitioners able to easily apply the Acupuncture and Osteopathic techniques in their clinic starting from the first day.</p> <p>Workshop description: The Musculoskeletal Pain, Shoulder Pain in particular, is frequently reported in Acupuncture clinics. In my experience, Acupuncture and Osteopathic medicine are two effective techniques and they are synergistic in treating pain. Acupuncture treatment is based on the definition of the kind of pain and its location. Therefore, it's very important to identify the Acupuncture Secondary Channels involved. The aim of Osteopathic manipulative treatment is to bring joints back to their physiological position and restore their range of motion. By doing so, pain relief is achieved.</p> <p>Workshop contents:</p> <ul style="list-style-type: none">- Joint pain in TCM and in Osteopathic medicine- The crucial role of the Secondary Sinew and Luo Channels: functions and methods of treatment- Principles of Osteopathic Manipulations- Shoulder pain: diagnosis and therapy by Acupuncture and Osteopathic techniques with the “AcuOsteo method”- Practical session

Introduction to Conference Host

World Federation of Chinese Medicine Societies

World Federation of Chinese Medicine Societies (WFCMS) is an international NGO dedicated to global traditional Chinese Medicine (TCM) development. Founded in 2003, it is approved by the State Council of P.R. China and registered with the Ministry of Civil Affairs of P.R. China. The NGO headquarters in Beijing, China and currently has 264 member societies in 69 countries and regions, each of them are local institutions of Chinese medicine. WFCMS is the A-Liaison organization of International Organization for Standardization (ISO) in TC249, the accredited NGO of United Nations Educational, Scientific and Cultural Organization (UNESCO) Intergovernmental Committee for the Safeguarding of Intangible Cultural Heritage as well as the non-governmental organization of World Health Organization (WHO).

The NGO is developed in “one body and two wings” structure, with the Secretariat, member societies and the Council Board and Supervision Board as the major parts, specialty committees and international alliances as the branches. The Secretariat has about 60 full-time staffs respectively in 17 departments, including department of academic exchange, international liaison, standardization, examination and certification, trade in services, evidence-based center, and periodical office of *World Journal of Chinese Medicine, etc.* The Council Board and Supervision Board is composed of representatives of all member societies, hold meetings every year, during which major decisions were discussed and made. WFCMS has more than 190 branches, including about 169 specialty committees- each of them gathering experts of a certain discipline, focusing on academic development, such as specialty committee of pediatrics, herbal medicine, and diabetes, etc; and about 23 international liaisons of industry development, gathering enterprises of certain area, for example: Traditional Chinese Medicine Intangible Cultural Heritage Industrial Alliance, The Herbal Decoction Apparatus International Alliance, and Healthcare Products for Strengthening Tendons and Bones Industry Alliance, etc.

WFCMS has been the A-Liaison organization of ISO in TC249 since 2011. The NGO launched 17 international organizational standards, including *International Standard Chinese-English Basic Nomenclature of Chinese Medicine, World Standard of Establishment and Service of CM (Incl. Acupuncture) Clinic and Test and Assessment Procedures of International Chinese Medicine Doctors.* The Issue of *International Standard Chinese-English Basic Nomenclature of Chinese Medicine* has great influence on global TCM community, about 95 industry bodies signed to adopt the

Standard, and the Standard has been proposed to ISO. The *International Standard Chinese-French Basic Nomenclature of Chinese Medicine* has been recognized by France National Procuratorate for Food and Drug Control and National Hospital Paris.

WFCMS officially become the accredited NGO of UNESCO Intergovernmental Committee for the Safeguarding of Intangible Cultural Heritage in 2012 and serves as the only representative of Chinese medicine in this field. From 2013 to 2015, WFCMS attended the 8th, 9th and 10th Session of the UNESCO Intergovernmental Committee for the Safeguarding of Intangible Cultural Heritage, and in 2017, it passed the review towards its contribution and commitment for ICH protection. For further engagement in ICH protection, Traditional Chinese Medicine Intangible Cultural Heritage Industrial Alliance by WFCMS was founded in 2017 and UNESCO ICH Protection Team of WFCMS is established in 2017.

At the 136th session of the 14th conference in January 2015, the WHO Executive Board decided to admit WFCMS into official relations with the WHO. Entrusted by WHO, Specialty Committee of Chinese Medicine Manipulations of WFCMS formulated the WHO Benchmarks for Practicing Techniques in Tuina. At the 15th World Congress of Chinese Medicine in 2018, the World Federation of China issued the "Roman Declaration" in Rome, Italy, and the October 11th of each year was designated as "World Chinese Medicine Day." On the first anniversary of this year's founding, 43 countries and regions and 73 cities around the world held a series of activities to celebrate the World Traditional Chinese Medicine Day, which have promoted the international spread and development of Chinese medicine.

For 15 years, WFCMS develops a three-leveled academic conference platform. WFCMS organizes continental forum and conferences of branches. Since 2004, the World Congress of Chinese Medicine (WCCM) is held annually, and the congress has been respectively convened in China, France, Canada, Singapore, Macau, Australia, the Netherlands, UK, Malaysia, USA, Russia, Spain, New Zealand and Thailand. It is the global top event of traditional Chinese medicine. The event attracts about 1000 on-site attendees every year, drew 13.5 million visitors online in 2011 (the 8th, London), ranked No.1 in medical conferences of 2012 China Meeting Industry Rankings.

Introduction to Conference Organizers

Central and Eastern European Association of Chinese Medicine

The Central and Eastern European Association of Chinese Medicine (Central and Eastern European Association of Chinese Medicine, UN No.: KKETCM) was founded in 2005, and is the only government-recognized public welfare Chinese medicine organization recognized by the national Chinese medicine industry established in accordance with European Law No. 2011/175.

The Central and Eastern European Association of Chinese Medicine is an international, academic, non-profit organization of Chinese medicine science and technology workers in Central and Eastern Europe and Chinese medicine medical, education, scientific research, prevention, rehabilitation, health care, production and other organizations. Sexual social groups are the link between Chinese and Western medicine science and technology workers in Central and Eastern Europe.

In the past 14 years, through the joint development of practitioners who have studied Chinese medicine in Central and Eastern Europe, they have exchanged clinical and scientific research information, academic lectures, and regularly published professional academic journals and books in local languages in various countries, striving to localize Chinese medicine. Promote the integration of Chinese medicine into the local mainstream society, spread the concept of “big health” of traditional Chinese medicine, and strive to realize the “scientific development concept” guided by science and technology, so that the inheritance and value of Chinese medicine can be carried forward in Central and Eastern Europe.

The Institute has actively carried out exchanges and cooperation with the EU and local governments over the years, and has jointly promoted nearly 100 scientific and technological cooperation projects between the Chinese and Hungarian governments, and actively engaged in dialogues with relevant professional committees of the European Union. For more than a decade, the EU has been through the exchanges. The issue of medical legislation has attracted attention.

Since 2010, he has participated in the EU multi-country collaboration project, and has completed more than 5 million health census activities. By 2020, he will complete 8 million health check reports, providing first-hand research for scientific research and disease spectrum research. Data statistics.

From 2005 to 2018, the society and colleagues in the Chinese medicine industry will conduct annual clinics for patients in Central and Eastern Europe, and hold health talks in various countries to help local doctors improve their treatment systems and provide legally registered Chinese patent medicines and

medical health products to enable Chinese medicine. Rooting and sprouting in the local area.

On February 13, 2014, under the advice of Dr. Chen Zhen, President of the Central and Eastern European Association of Chinese Medicine, under the joint witness of Premier Li Keqiang and Hungarian Prime Minister Orban, representatives of the two countries signed the "Chinese Medicine Field" at the Great Hall of the People in Beijing. The Letter of Intent for Cooperation has taken a solid step towards promoting the full progress of Chinese medicine to Hungary and the entire Central and Eastern Europe.

In October 2015, the Hungarian Chinese Medicine Act came into force and became the first country in the European Union to implement Chinese medicine legislation. In the same year, the 16+1 Health Ministers Forum of Central and Eastern European Countries was held in Prague. Representatives from the Society and the Hungarian Ministry of Human Resources and the Ministry of Health formed a high-level delegation to participate in the forum, and with the leaders of the Chinese State Administration of Traditional Chinese Medicine and Heilongjiang University of Traditional Chinese Medicine, held a letter of intent on the implementation of the Chinese Medicine Cooperation Letter signed by the two prime ministers. The talks exchanged opinions.

On March 27, 2015, the Society promoted the first Confucius Institute of Chinese Medicine in continental Europe to be unveiled at the University of Pécs in Hungary.

On July 3, 2016, the Society promoted the establishment of the Hungarian Yellow Chinese Medicine Center and was included in the Top Ten News of the Chinese Government in Traditional Chinese Medicine in 2016. In the same year, Europe's first world intangible cultural heritage "Chinese medicine acupuncture" inheritance base was listed in the Hungarian Yellow Chinese Medicine Center.

From June 18 to 20, 2017, Vice Premier Liu Yandong laid the foundation for the China-Central and Eastern European Chinese Medicine Medical Training Center. The Central and Eastern European Association of Chinese Medicine has planned to participate in the 16+1 Health Ministers Conference Health Expo, and has joined forces with all Chinese medicine practitioners in Hungary to participate in the exhibition of Chinese medicine, Chinese medicine, and related Chinese medicine culture. Since its establishment, the Institute has been providing free medical treatment for local disabled and elderly people for more than ten years. It has provided tailor-made health programs for hundreds of thousands of people.

From August 21st to 24th, 2017, the Overseas Chinese Affairs Office of the State Council and the Central and Eastern European Association of Chinese Medicine jointly organized medical professionals from 15 countries to

participate in the training courses for Chinese medicine practitioners in Central and Eastern European countries and Chinese clinics.

On October 10, 2018, the Society cooperated with North China University of Science and Technology. The Central and Eastern European Chinese Medicine Cultivation and Research and Development Base was unveiled in Budapest. It took the first step to realize the localization of high-quality Chinese medicine in Europe, and completed the national science and technology cooperation project.

In the course of the past ten years of development, CCTV, Xinhua News Agency, People's Daily, Economic Daily, China Traditional Chinese Medicine Herald, European mainstream media, and Chinese media have reported on the unique patterns of Chinese medicine development in Central and Eastern Europe. The global Chinese medicine industry's attention, with the "people" as the center, the healthy and virtuous cycle of sustainable development, which has been cultivated by the people, has been recognized by the public. Chinese medicine culture is a key to opening up the treasure house of Chinese civilization. Looking forward to the future, there is a long way to go. The Central and Eastern European Association of Chinese Medicine will respond to President Xi's call to "reform and start again", which is the development of Chinese medicine in Central and Eastern Europe. The human health cause "builds a community of human destiny" and does a good job of "golden ribbon" and "linking heart bridge" in the "Belt and Road".

Hungarian Chinese Medicine Association

The Hungarian Chinese Medicine Association (abbrev. HKOME) is a mass academic group registered under the law of Hungary. Founded in 2002. Currently, it has reached a membership of approximately hundred people.

Initiators: Qingbin Zhang, Zhen Chen, Weidi Wang, Qihong Xing, Funian Yu.

The purpose of the association is to promote exchange and cooperation in the fields of Chinese medicine and acupuncture in Hungary and Central and Eastern Europe, as well as to serve the local community.

Since the establishment of the association 17 years ago, the organization has received strong support from the Embassy of People's Republic of China in Hungary and health authorities of Hungary at all levels. We have successfully organized 8 sessions of 'The International Academic Seminar on Traditional Chinese Medicine'. Our members have issued more than 100 academic papers and published more than 10 medical treatises. During the years, more than 30 famous experts have been invited to Hungary for academic exchange and have held 100 or more academic lectures on Chinese medicine and acupuncture. Moreover, we have initiated various types of free diagnostic activities for more than 60 occasions, cumulatively providing treatment for more than 1 million local patients.

In 2004, the Hungarian campus of Heilongjiang University of Chinese Medicine was established. In 2009, it merged into the Semmelweis University under the framework of an inter-university cooperation, providing bachelor's program degree and certificate. Many professors of the Hungarian Chinese Medicine Association teach at the university. In 2017, under the impetus of the National Administration of Traditional Chinese Medicine of People's Republic of China and the Hungarian Ministry of Education (currently Ministry of National Resources), it has become an intergovernmental cooperation project between China and Hungary.

In 2005, the association has joined the Association of Hungarian Medical Societies (MOTESZ) (equivalent to Chinese Medical Association) and became the only traditional Chinese medicine association in Europe to join the local mainstream medical organization.

In 2012, the Senior Academic Advisor of our association, Professor Jin Zhang, who is also a well-known acupuncturist and the representative inheritor of the Intangible Cultural Heritage of Humanity in Chinese medicine acupuncture and moxibustion, came to Hungary to hold senior apprenticeship successor trainings, thus setting a precedent for the inheritance of Chinese medicine acupuncture to senior talents in Europe.

Through the persistence and unremitting efforts of the colleagues of our

association, driven by Embassy of People's Republic of China in Hungary and the stakeholders of the local society, the Chinese medicine legislation has been finally realized in 2014.

In 2016, the International Heritage Base on Chinese Medicine Acupuncture of the World Federation of Acupuncture-Moxibustion Societies was incorporated in the Hungarian Chinese Medicine Association.

In 2018, Mr. Qingbin Zhang, Chairman of the Hungarian Chinese Medicine Association and Mr. Zhen Chen, Chairman of the Central European TCM Association, have officially signed an agreement with the World Federation of Acupuncture-Moxibustion Societies in Rome, Italy, to host the 16th World Congress of Chinese Medicine in 2019 and took over the flag. Thus, starting the countdown for the 2019 World Congress of Chinese Medicine in Hungary. The colleagues of the Hungarian Chinese Medicine Association warmly welcome Chinese medicine fellows from all over the world to come to Budapest for gathering.

Budapest welcomes you!

Chairman Qingbin Zhang
Secretary Zhen Chen
Executive Chairman Weidi Wang
Chairman of Supervisory Board Qihong Xing
